“Excellence in Christian Education”

# EXCELLENCE IN CHRISTIAN EDUCATION

## EARLY CHILDHOOD EDUCATION

Our ECE includes classes for three year olds, four year olds, pre-kindergarten and kindergarten. Each class is structured to provide the student with multiple learning opportunities and a wide variety of hands-on experiences. This is accomplished through the inclusion of many field trips, in-class guest speakers, learning centers and creative unit studies.

Our Program is designed to develop the “whole” child; which includes social, intellectual, physical, emotional and spiritual growth. We believe children learn through firsthand experiences in music, science, creative art, literature, cooking, play and problem solving at their own level of ability.

Our preschool and kindergarten teachers are carefully chosen for their commitment to Jesus Christ and His Church, their ability to love and relate to your children, and their teaching abilities. Our teachers have over the years proven to be effective in their jobs. Children are impacted not only by the learning environment of their classes, but by the witness of the Christian character of their teacher.

*Train up a child in the way he should go,  
and when he is old he will not turn from it. . .*

-Proverbs 22:6

## ELEMENTARY EDUCATION

Our Elementary Department includes classes for first through fifth grade. Our goal for these classes is to provide a strong academic program in the basic core areas built upon the truths of the Bible. We emphasize the development and practice of Christian character as it relates to the student’s behavior toward their peers, adults, families and responsibilities.

Computers are available for the student’s classroom use. Students are involved in science opportunities, such as our annual science fair and other classroom projects including special field trips. Language, Art, and P.E. are offered to enhance the students’ learning experience.

Our teachers are of the highest caliber. Each is committed to living a life of Godliness. Our goal is to assist every student to reach their highest potential and the fullness of God’s destiny for their lives.

***PSCS students average in the top 20% nationwide on the SAT’s (Stanford Achievement Test)***
